# Before taking a class, learn how to live well with Low Vision.

## Virtual Low Vision Consultation

If your vision is affecting your ability to perform daily tasks, Braille Institute's Low Vision Rehabilitation Service can help you.

Losing vision doesn't mean giving up on your life activities, it means learning new ways to do them. Our **free** virtual Low Vision consultation includes remote personalized **one-on-one appointments** with our Low Vision Specialists. They will work with you over the phone or by video to maximize your remaining vision by:

- Assessing your particular needs.
- Exploring devices that can help you accomplish everyday tasks like reading, watching TV, and more.

## Helping You During COVID-19

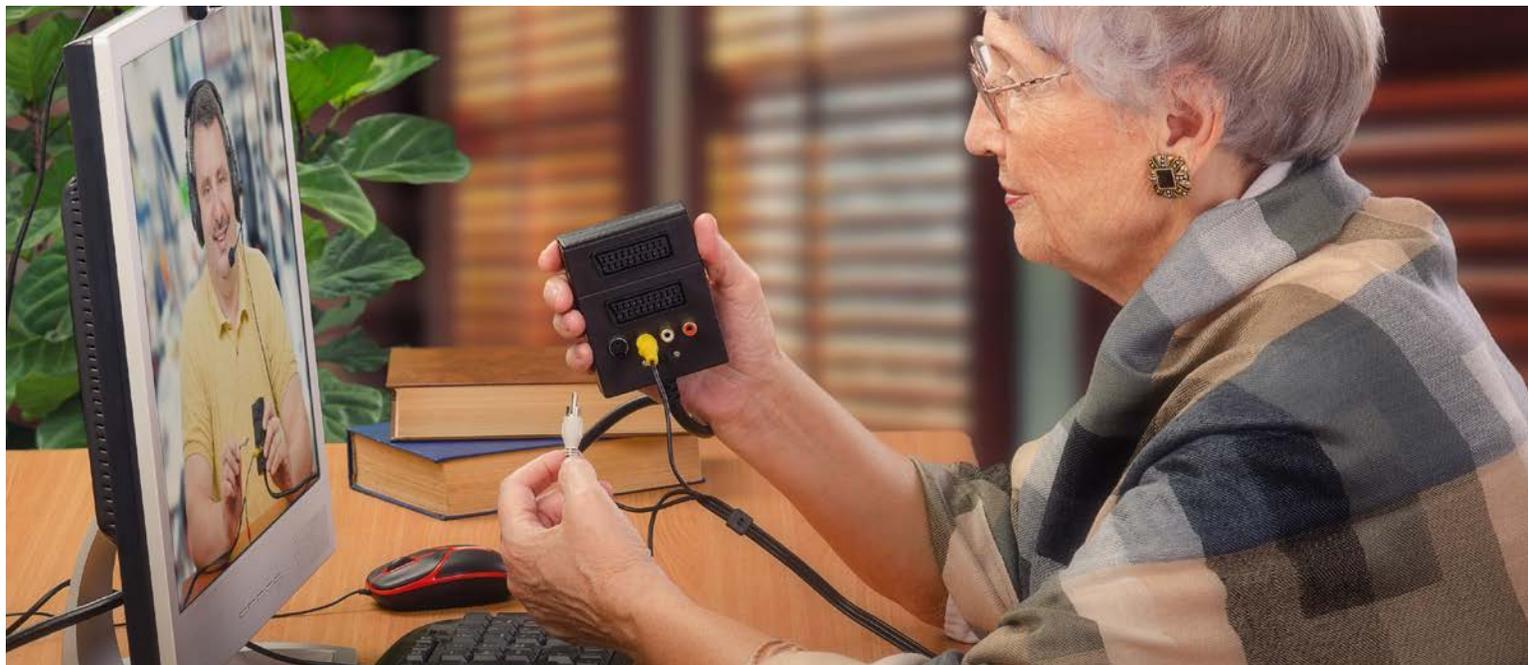

While we continue to adapt due to COVID-19, our virtual Low Vision one-on-one session is an opportunity to connect with you remotely and discover what Braille Institute programming would best meet your needs.

Geared towards those who are new to our services, or haven't used our services in some time, once completed you will have access to our online classes and workshops.

At a later date, a follow up appointment will be made for a magnifier and reading & writing and lighting assessment.

**Maximize your  
remaining vision.**

To learn more or to schedule a **free** one-on-one appointment with one of our Low Vision Specialists, call 1-800-BRAILLE (272-4553).

## Receive one-on-one services with a live consultant by phone or video chat.
