Before taking a class, learn how to live well with Low Vision.

Virtual Low Vision Consultation

If your vision is affecting your ability to perform daily tasks, Braille Institute's Low Vision Rehabilitation Service can help you.

Losing vision doesn't mean giving up on your life activities, it means learning new ways to do them. Our **free** virtual Low Vision consultation includes remote personalized **one-on-one appointments** with our Low Vision Specialists. They will work with you over the phone or by video to maximize your remaining vision by:

- Assessing your particular needs.
- Exploring devices that can help you accomplish everyday tasks like reading, watching TV, and more.

Helping You During COVID-19

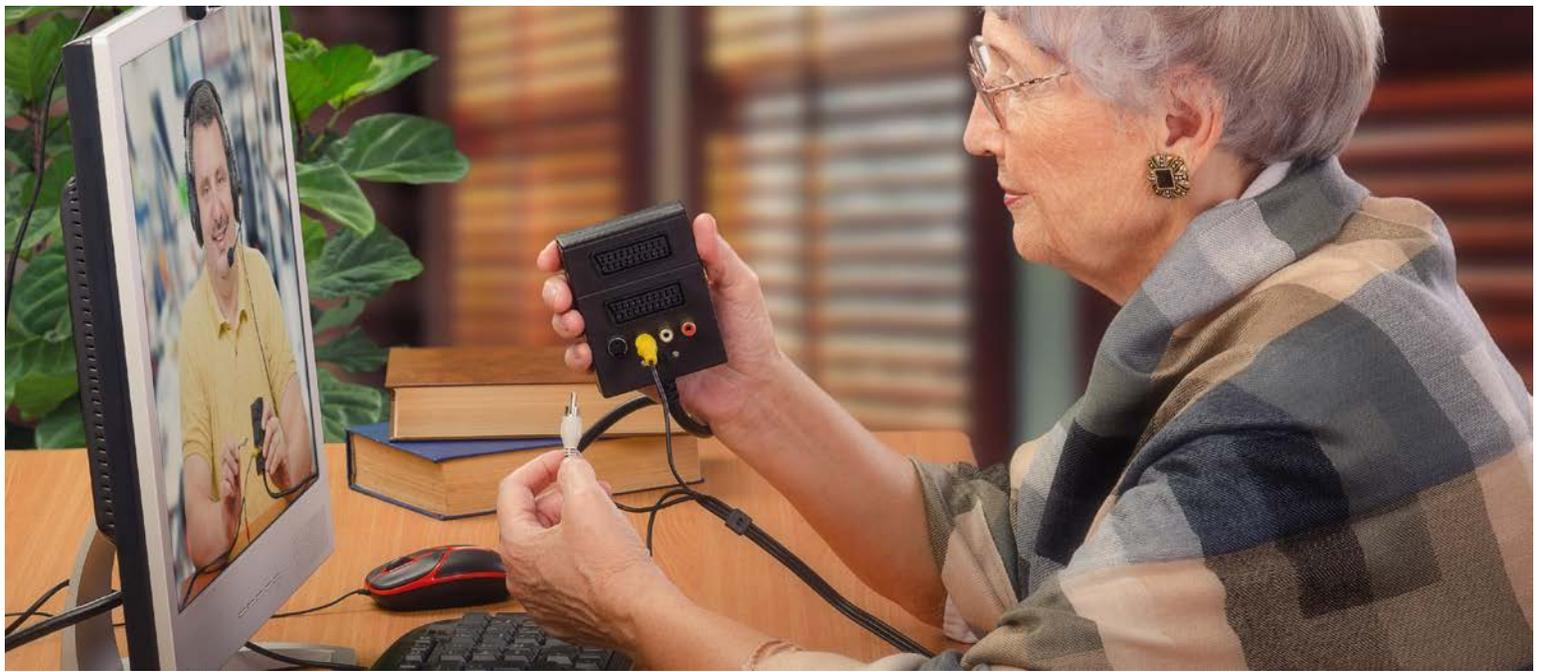

While we continue to adapt due to Covid-19, our virtual Low Vision one-on-one session is an opportunity to connect with you remotely and discover what Braille Institute programming would best meet your needs.

Geared towards those who are new to our services, or haven't used our services in some time, once completed you will have access to our online classes and workshops.

At a later date, a follow up appointment will be made for a magnifier and reading & writing and lighting assessment.

**Maximize your
remaining vision.**

To learn more or to schedule a **free** one-on-one appointment with one of our Low Vision Specialists, call 1-800-BRAILLE (272-4553).

Receive one-on-one services with a live consultant by phone or video chat.

Connection Pointe

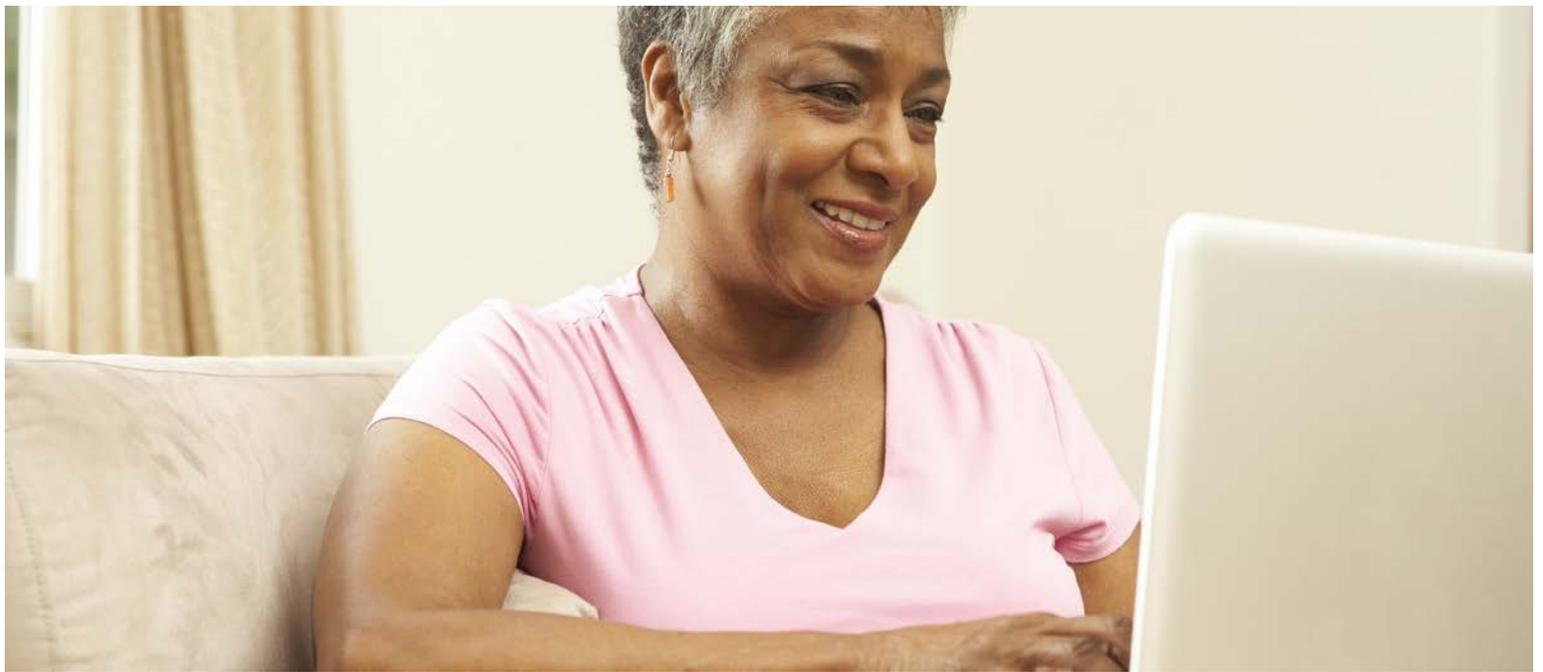

Join us at Connection Pointe for one-on-one training on the latest in assistive technology.

Learn how to use VoiceOver, text readers, Seeing AI, and other useful apps. We have computers, iPhones, Androids, and iPads for you to practice with, or bring your own device to learn on.

Library Services

Our library offers access to over 100,000 books and magazines in every genre and for every age in hardcopy, audio or digital.

We will teach you how to use our online audiobook service BARD (Braille and Audio Reading Download), so you can download books and magazines to your computer or mobile device, anywhere, anytime.

“Taking classes from my home is more convenient and I can socialize and meet new people.” – Lilia M.

Orientation and Mobility

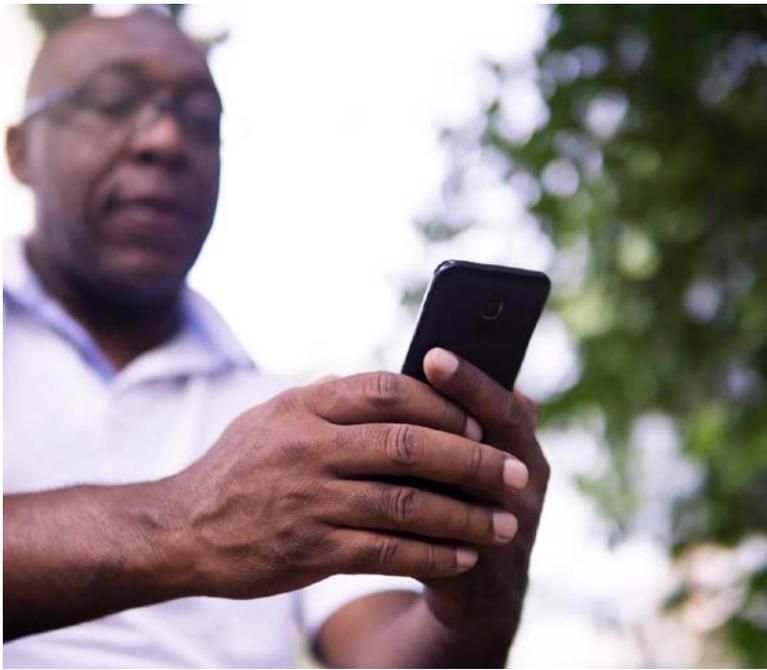

Go on an adventure! Seriously. Our Orientation and Mobility Specialists will teach you how to get around with a white cane, guide dog, and more.

You will have the confidence to navigate your home, neighborhood and the world.

For family members and friends, we'll teach you the proper techniques of how to be a sighted guide so you can assist your loved one wherever they may go.

Personal Connections

By focusing on your specific goals, an Independent Living Skills instructor can work with you remotely, using video conferencing or the telephone, to address challenges you may be having in these areas: kitchen confidence and safety, household item marking and labeling, and other daily living skills directly impacted by vision loss.

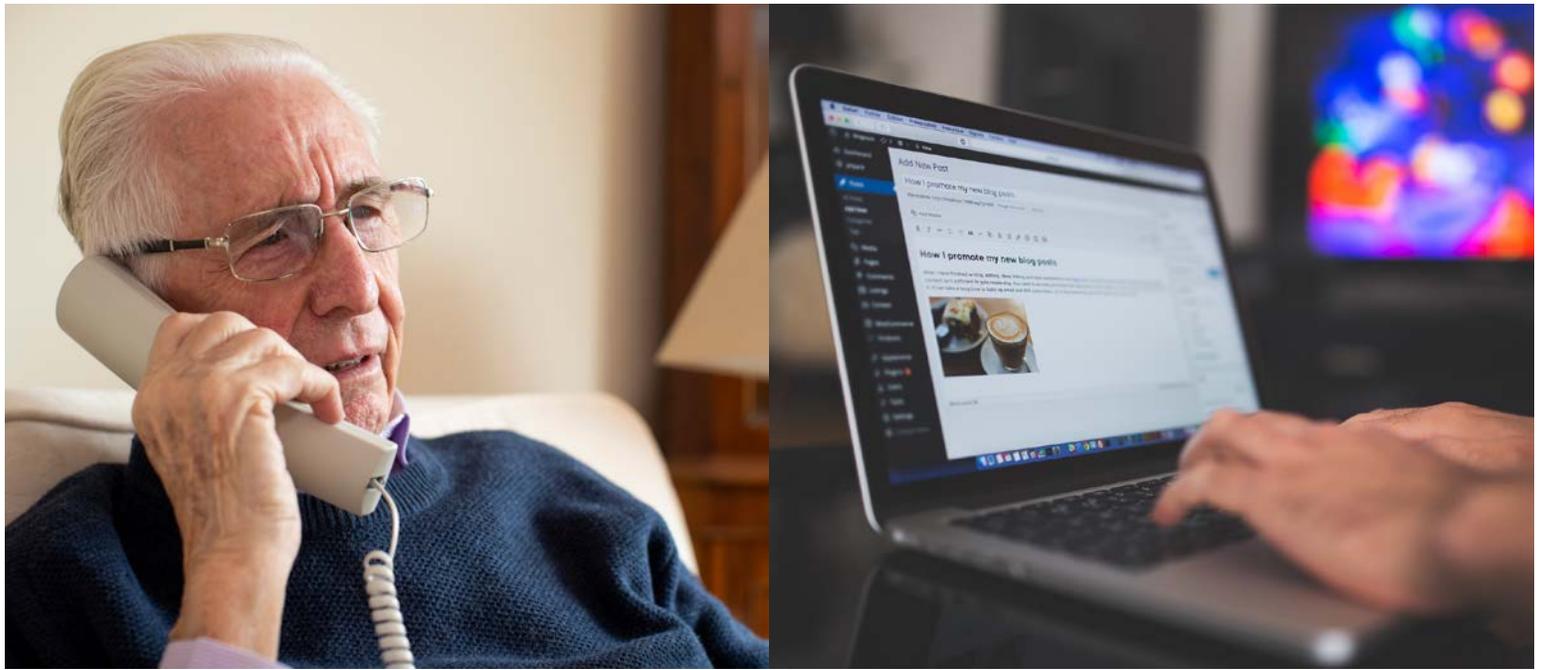

Attend Braille Institute classes and workshops from the comfort of your home.

While Braille Institute Centers remain temporarily closed due to COVID-19, we are bringing **free** classes and services to you within the comfort and safety of your home.

Utilizing the Microsoft Teams platform for our distance learning classes, you can participate using your computer, tablet or phone.

Benefits

- Convenient and within the comfort of your home.
- Free and easy access using your computer, tablet or phone.
- Variety of courses and offerings to choose from.
- Live instructor/consultant you can speak with.

“I really enjoy the online experience; it has been probably just as good as face-to-face.” – Ron P.

How Does It Work?

Braille Institute instructors will provide you with an online link or phone number that will be used to connect to a live session. You will be able to speak with the instructor and other participants.

Online Workshops and Classes

Join a 1-1.5 hour session taught by instructors on a range of subjects such as Make Technology Work For You, Cooking Without Looking, Fall Prevention, Understanding Vision Loss and more.

Virtual One-on-One Sessions and Tele Services

These sessions are conducted by a Braille Institute consultant for services such as Low Vision, Orientation and Mobility, Technology training, and Child Development.
